INTRODUCTION

MSL Enterprises Corp. was founded in 1987. Our first factory was established at Shenzhen in 1993, with an area of 30,000 m² in 2014. Second factory was established in North Vietnam, with an area of 30,000 m², and we have set up the third factory in Vietnam in 2023, with an area of 20,000 m². We specialize in cables and computer accessories and export our products to USA, Europe, Asia, and worldwide.

Our company has a full range of manufacturing capabilities of PVC compound, copper wire, raw cables, optical fiber cables, cable assemblies and fiber assemblies. We can offer product designs by customer's requirement (OEM/ODM) and can provide very competitive prices with the best lead time for our customers.

Sincerity is always our managing concept. In order to provide the high-quality service to our customers, our mission statement is to continuously enhance our research & development ability, improve the quality of our products and make the production line efficient, and to keep our price competitive in the market.

COMPANY HISTORY

OUR ADVANTAGE

MSL

WE HAVE COMPLETE MANUFACTURING CHAIN AND CAN PROVIDE THE FULL RANGE OF PRODUCT DESIGN.

QUALITY CERTIFICATION

We are an ISO-9001 & ISO-14001 qualified factory and have multiple safety certifications to meet customer's quality demand.

LABORATORY

We have completed test laboratory to fulfill the customer's quality requirement in every production base.

 <p>Aging Oven To test the aging of Insulation/Jacket</p>	 <p>Heat Distortion Tester To test the heat resistance of cable</p>
 <p>Salt Spray Chamber To test the corrosion resistance of various metal parts</p>	 <p>Plug Flexing Tester To test the bending of the plug</p>
 <p>Temperature Rising Tester To test the temperature rising of plug</p>	 <p>Flame Tester To test the fire resistance of insulation or jacket</p>
 <p>Time-domain Reflectometer To test the high frequency cable and lan cable</p>	 <p>Freezing Impact Tester To test the impact resistance of the cable or relative parts under low temperature</p>
 <p>Cable Flexibility Testing Equipment To test the flexibility of the cable</p>	 <p>Cold Bending tester To test the bending of the cable under low temperature</p>
